

Génome Québec Family Zone Biodiversity: wherever there is life, there is DNA!

As part of the [COP15 Public Action Zone](#), Génome Québec will host the Family Zone on Saturday, December 10. Under the theme of biodiversity and micro-organisms, this is a free event dedicated to children aged 7 to 12 and their families.

The Génome Québec space

Toddler Zone

A calm and fun place specially designed for the little ones.

Laboratory Zone

Put yourself in the shoes of a laboratory technician and test your dexterity.

Plant Zone

Learn about heredity in plants and their adaptation to climate change.

Animal Zone

Dive into the [iTrackDNA](#) project by collecting a water sample in the aquarium and identifying several species.

Microorganism Zone

Get the chance to meet Chloe Savard, better known as [Tardibabe](#), on Instagram, and watch her favorite live microorganisms in action under the microscope.

Genomics Zone

Relax and watch video clips on the various projects of the genomics enterprise, and meet our colleagues from Genome Canada.

Date: December 10, 2022 from 9 a.m. to 4 p.m.

Location: Grand Quai du Port de Montréal - Pavillon Room - 2nd level
